T34 Aqua Edge Entrance Matting

Available Colors: Charcoal, Dark Brown, Slate Blue

Aqua Edge is a unique yet highly functional indoor entrance mat with a molded bubble pattern that facilitates the scraping and drying process while the raised border forms a perimeter that traps moisture and debris. Aqua Edge features an anti-microbial carpet treatment that stops bacteria and germs at the entrance and is highly recommended for use in "Green Cleaning" applications. An extremely durable rubber backed mat, Aqua Edge has a highly fashionable look that features carpet-to-the-edge to blend with its surroundings and contemporary color choices to match any décor.
