Heavy Duty Citrus Juicers – JC3000/JC4000

Features:

- **Big Volume Juicer** – quickly and easily produces large quantities of pure, healthy, pulp-free citrus juice. Ideal for high-volume juice bars, hospitals, and hotels.
- **Heavy Duty Direct Drive Motor** – quiet operation, powerful performance and outstanding durability.
- **Rugged Polycarbonate Motor Housing** – protects motor; vibration-dampening feet provide quiet, stable operation.
- **Stainless Steel Juice Collector** – quickly drains juice through large spout for volume production – easy to clean. Detachable components are dishwasher safe.
- **Universal Reamer** – thoroughly juices all types of citrus fruits, from the smallest lemon to the largest grapefruit.
- **Convenient Design** – compact and easy to clean.
- **Two Models Available:**
 JC3000 Lower speed motor (1200 rpm) reduces splashing. Domeless design provides quick access to reamer from virtually any angle.
 JC4000 Highest speed motor (1800 rpm) for fastest juice yield. Detachable dome to prevent splashout.
- **Accessory CAC76 Special Citrus Reamer** – juices and hollows the rinds of small citrus fruits – ideal for garnish preparation.
