## T48 Rainbow-Pak® Cutting Boards

Available Colors: Blue, Red, White, Yellow, Tan, Green

Rainbow-Pak® cutting boards are made from a high density polyethelene plastic that won't crack, splinter, swell, or absorb liquids or odors, and are highly resistant to warping. National Sanitation Foundation (NSF) tested and certified, each Rainbow-Pak® consists of 6 color-coded cutting boards to minimize the risk of cross contamination (also available in single color packs). An available rack and wall chart & cutting guide are also available to help organize and maintain the cutting boards.

**Wall Chart & Cutting Guide**
