

COUNTERTOP DISPLAY WARMERS

MODELS: PD-1A

Our attractive countertop display warmer is designed to keep food at NSF safe temperatures. For your application need, we offer the display warming model PD-1A.

The PD-1A uses ceramic infrared heating elements for maximum heating of fried foods, is portable, accommodates a standard 12x20 pan (not included) and provides uniform heat..

WARRANTY

The APW Wyott Portable Display Warmer is backed by a 1-year limited warranty and a 1-year on-site labor warranty.

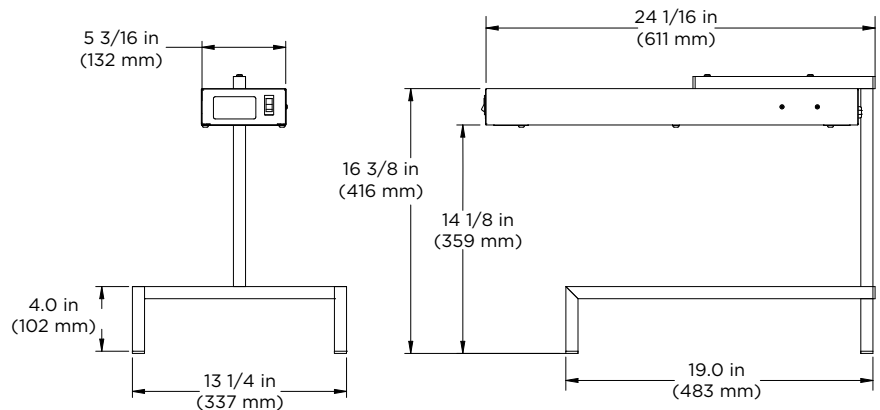

CERTIFICATIONS

Certified by the following agencies:

PD-1A FEATURES

- Unique heating system provides uniform heat over the entire heating surface ensuring there are no cold or hot spots
- Polished mirror finish stainless steel reflectors behind heating elements radiate more heat toward food. APW Wyott is the only portable display warmer system that utilizes this feature
- Lighted switch is a standard feature that keeps your employees aware of the unit's operation
- Stainless steel construction
- Easy element change out
- PD-1A –Display base accepts 12" x 20" fractional pans (sold separately)
