

INFRARED THERMOMETER, TIMER & CLOCK

CDN's Infrared Thermometer, Timer & Clock includes innovative technology for non-contact surface temperature measurement without the risk of cross contamination to ensure best culinary results and food safety.

In addition to quick scanning of surface temperatures with a distance:spot ratio of 5:1, this pocket-sized thermometer features minimum, maximum, and lock modes for scanning multiple targets over time. This is particularly useful for continuous temperature monitoring. Easy-to-use, it also offers a stopwatch timer, clock and ambient temperature monitoring.

FEATURES

- 1-second response
- Maximum, minimum and lock for continuous scanning
- Stopwatch timer
- Clock
- Ambient temperature in standby
- Distance:spot = 5:1
- Data-hold
- One-button operation

SPECIFICATIONS

Measurement Range:	-67 to 482°F/-55 to +250°C; 24 hours by hr/min/sec
Distance:Spot:	5:1
Display Size:	1.08 W x 0.65 H (in)/ 2.75 W x 1.65 H (cm)
Power:	One 3V IEC CR2032 lithium button battery, included
Weight:	1.0 oz / 28 g
UPC:	0 18436 00573 5
Other:	<ul style="list-style-type: none"> • Battery status indication • Food-safe ABS plastic • Auto-off after 15 seconds • 2-way mounting: stand/loop
