

GRIPIT® STANDARD & EXPANDO GRIPIT® TOOL HOLDERS

Gripit® and Expando Gripit® Tool Holders provide convenient wall storage for tools with handles up to 2" in diameter.

- Standard Gripit® is designed for mops, brooms, hammers and other tools with handle diameters up to 1 3/16".
- Expando Gripit® holds heavier tools such as hoses, shovels, and vacuum wands with handles up to 2" in diameter.

FEATURES

- High impact plastic construction is strong, durable, rustproof.
- Tools can be hung head up or head down without slipping.
- Multiple Gripits, Expando Gripits, and Utility Hooks can be moved on the mounting bars to tailor storage space to specific tools.
- Mounting holes allow individual Gripit® or Expando Gripit® tool holders to be mounted directly to the wall.
- Track mounting holes on the mounting bars are 16" on center for convenient attachment to wall studs.
- Proudly made in the USA

Installed on any wall in minutes, Gripit® saves time, ends clutter, and makes it easy to find tools fast. Designed for mops, brooms, hammers and other tools. Simply push the tool handle against Gripit®, and the roller, with a high friction surface, automatically adjusts to lock it securely. To remove the tool, lift the handle slightly and it's free.
