

# FLAMELESS LIGHTING

# The Most Advanced Commercial LED Candle System Available

## Nexis® Charging Tray

- Advanced wireless technology
- Holds up to 40 candles – twice as many candles in the same space

Bevel top provides greater range of candlelight

True Candlelight LED Color

## AUTO-ON Water-Resistant Nexis® LED Candles

- More realistic flicker and authentic glow
- 26-hr run time in std. bright flicker mode  
8-hr charge time
- Smaller size will fit in any Hollowick lamp

## Magnetic Remote Control

- On/Off
- Standard/High Light
- Flicker/Steady

Magnetic remote adheres to most metal surfaces and secures to top of Nexis tray

Candles glow **RED** when charging  
**GREEN** when fully charged

Swipe candles over The Nexis® to change modes without the remote:

- On/Off
- Flicker/Flicker-High Light

- Magnetic candles & remote secure to tray
- Enhanced battery protection built into tray, power supply and candles
- “Quick-Click” connect Magnetic Cord and Power Supply
- Nexis easy-to-grab, realistic flexible flame tip design
- When you need more light, **High Light mode** shines 2X brighter

Ergonomic tray handle for one-hand-free table bussing

The Nexis system requires minimal storage space

State-of-the-art Li-ion battery – up to 1,500 charging cycles.  
Safe to ship via air

The NEXIS® will glow yellow, indicating that the Charging Tray has power.

# Platinum+ Rechargeable LED Series

## Two LED Color Choices

Amber

Candlelight

Rechargeable  
NiMh Battery

Up to **18** hrs of light  
from a 10 hr charge

One Year  
Limited Warranty

# 1

Platinum+ series by Hollowick, leads the market of Nickel Metal Hydride (NiMh) battery commercial rechargeable systems. Designed specifically to withstand the rigors of foodservice use, the Platinum+ system, available in Amber and Candlelight, is the smart choice for flameless table lighting.

Platinum+ Rechargeable  
LED Candles will fit most  
Hollowick lamps and holders

- + **NEW** Easy-off charging pins
- + **NEW** More natural flicker
- + **NEW** Improved battery protection
- + **NEW** Candlelight color matches live flame

The new Platinum+ charging tray features a **new, more durable receiving pin** that was redesigned to better withstand the rigors of commercial use. Four trays may be linked, allowing up to 48 candles to be charged per power supply. Platinum+ series charging trays are designed to be wall-mounted, preserving valuable counter space.

Nickel Metal Hydride (NiMh) Batteries - A 10-hour charge produces up to 18 hours of run time. Charging Indicators, LEDs on the charging tray, indicate charging status for each candle: **GREEN** indicates fully charged; **RED** indicates charging.

### No Overcharging or Battery Safety Worries –

Platinum+ is designed to charge each candle only as needed and to adequately keep each candle unit fresh and ready for use. Battery safeguards have been built into the tray and each candle.

Platinum+ is fully compatible with original Hollowick Platinum rechargeable LED systems and components

The V12 series leads the commercial value category of Nickel Metal Hydride (NiMH) battery rechargeable systems. Designed specifically to perform in demanding foodservice operations, the V12 system is available in a naturally flickering Amber LED color and offers a convenient USB charging connection.

**V12 Rechargeable LED Candles will fit most Hollowick lamps and holders**

- ◆ Easy to use **push-button on/off candle bottom switch**
- ◆ Nickel Metal Hydride (NiMH) Batteries – A 10-hour charge produces up to 14 hours of run time
- ◆ Convenient USB Charging Supply will operate with any USB hub or power connection. Use any multi-port USB hub to charge multiple trays at one time.
