Smart Design...

...Better Weighing

Model PC-500 Portion Control Scale

Doran leads the way with the PC-500, an IP66 washdown safe and rugged scale. The result of more than 30 years of design experience, the innovative PC-500 delivers a scale that tackles harsh environments of Washdown, Foodservice, and Industrial applications. Long battery life and a sleek, low profile design makes the PC-500 a perfect solution for your weighing needs.

► Washdown Safe IP66

The PC-500 features a soft silicone seal that protects against washdown spray and allows a high level of accuracy.

► 1000% Overload “Quad Spring” Design

The PC-500 includes our field proven, exclusive “Quad-Spring” platform protection design that provides 1000% overload defense, eliminating damage from shock and overload.

► Battery Operated

1,000 hour battery life using alkaline batteries. The auto shut-off feature will power down the scale when not in use. An AC adapter is available as an option.

► Easy to Clean

The removable stainless steel platter can be easily cleaned. Designed to the exacting standards of NSF, the washdown safe PC-500 cleans easily and quickly.

Five-Way Weight Display
Display samples below show the same weight (5lb 8oz) in five different units. Press UNITS to select the weight display that best suits your needs. The optional rear customer display shows the same weight as the main display.
