INSTRUCTIONS FOR FIRST USE OF WOK:

- 1. Scrub new wok in hot, soapy water using a non-abrasive sponge. Ensure all metal oil is washed off wok.
- 2. Rinse, dry thoroughly and apply a light coat of cooking oil.
- 3. Heat wok until surface turns dark.
- 4. Repeat as necessary to create a black shiny surface.
- 5. Follow the above in a well ventilated area.
- 6. The wok is now ready for cooking.

WOK MAINTENANCE:

- 1. Wash wok after each use; rinse and dry thoroughly.
- 2. Apply a light coat of oil and reheat to preserve black shiny surface.
- 3. Wipe off excess oil. This prevents rust and readies the wok for its next use.
