- Includes stainless steel "S" blade to chop, grind, purée and mix
- WFP14 includes:
  - 5/32" slicing disc
  - 5/32" shredding disc
  - 5/64" grating disc
  - Detachable disc stem
- WFP14FC includes compact flat cover for convenient use and storage
- **Best in industry – Limited Five Year Motor, Two Year Parts and Labor Warranty**

**WFP14FC**  
**3.5 Qt. Batch Processor**  
Includes "S" blade and flat cover only

WFP14 includes:

### Accessories for WFP14:

- Slice, Shred, Grate, Chop, Mix and Purée

**Slicing Discs**  
WFP145  
5/64" (2mm)

WFP146  
5/32" (4mm)

WFP147  
1/4" (6mm)

WFP148  
5/16" (8mm)

**Shredding Disc**  
WFP144  
5/32" (4mm)

**Grating Disc**  
WFP143  
5/64" (2mm)

**French-Fry Disc**  
WFP149  
1/4" x 1/4" (6 x 6mm)

**Serrated "S" Blade**  
WFP141

**Detachable Disc Stem**  
WFP142

## 3.5 Quart Food Processor – WFP14 3.5 Quart Batch Processor – WFP14FC

### Waring® by Cuisinart Commercial Food Processors

This food processor line brings an established name in food service together with the best known and respected name in food processors. Waring has been in the commercial food service business since 1937. Cuisinart has been designing and building food processors since 1973. These food processors bring together Waring's expertise in food service and Cuisinart's expertise in food processors. Backed by 300 service centers and a growing list of accessories, Waring delivers value as well as great food results.

### Important Features

- **Slice, Shred, Grate, Mix, Purée and Chop directly IN THE BATCH BOWL!** – Quality accessories make the WFP14 versatile enough for any food processing job, with the convenience of a detachable stem to switch tasks with ease. For convenient use and storage, use the WFP14FC with its durable flat cover and multifunctional serrated "S" blade.
- **Pulse Controls** – We don't make a food processor without one. All our models have them and you wouldn't want them any other way. Better than constantly pushing the START and STOP buttons, the PULSE is perfect for fine-tuning the chop, or starting heavy loads.
- **Clear Bowls, Clear Covers** – You'll know when it's done because you'll see it. Our high impact, unbreakable polycarbonate lets you see into the bowl, and it's durable too. Put the bowl in your dishwasher when you're done, or hand-wash it if you like. It's lighter than metal, but it's built for tough use.
- **Commercial Grade HP High Performance Motor** – Developed especially for food service food processing, this 1 HP motor delivers dependable, continuous-duty service and is built to complete large jobs with ease.
- **Super-Large Feed Tube** – A large tube reduces preparation time. With 9½ square inches of feed space, the WFP14's feed tube keeps a steady supply of food coming down the chute. Or, use the small food pusher for shorter shreds and slices. The large pusher also acts as the small pusher's feed tube!
- **Easy Access Controls** – The large flat paddle controls are easy to reach, easy to use and easy to clean. ON and OFF/PULSE are the only two controls. They're all you need! It's that simple.
- **Safety Features**  
Safety Interlock – Prevents machine from operating unless correctly assembled.  
Thermal Protection – Automatic reset for overload protection and safe-controlled restarts.
- **Easy Cleanup** – Dishwasher-safe "S"-blades and accessory discs are removable. Housing wipes clean with a damp cloth. Bowls, covers and food pushers can go in the dishwasher.
- **WFP14 Standard Accessories**  
WFP141 - Serrated "S" Blade  
WFP146 - 5/32" (4 mm) Slicing Disc  
WFP144 - 5/32" (4 mm) Shredding Disc  
WFP143 - 5/64" (2 mm) Grating Disc  
WFP142 - Detachable Disc Stem
- **WFP14FC Standard Accessories**  
WFP141 - Serrated "S" Blade  
WFP153 - Flat Bowl Cover
- **Warranty – Best in Industry! – Limited Five Year Motor, Two Year Parts and Labor**

## 3.5 Quart Food Processor – WFP14 3.5 Quart Batch Processor – WFP14FC

- **Unique Batch Bowl Design** – Durable see-through polycarbonate construction – provides clear view while processing. Rugged polycarbonate is scratch- and break-resistant.  
Large Capacity – Holds 3.5 quarts (3.85 liters) of ingredients.  
Single Handle – For easy lift and balance.  
Versatile – Works with any disc or blade to slice, shred, grate, chop, mix, and purée.
- **Volume Processing** – Can process 1200 servings in 2.5 hours.

### Specifications
