INDUCTION WOK RANGE

Drop-in installation
optional accessory kit.

DESCRIPTION

Vollrath's Induction Wok Range, with includes a carbon steel wok pan, uses the high efficiency of induction to provide gas-like performance in a safe, flameless, easy-to-use, electric appliance for commercial use.

It has the power to heat to the true wok temperatures commercial kitchens require. A unique, industrial design case looks great as a countertop range, or can be installed as a drop-in range.

The Induction Wok Range is equipped with a variety of safety features including:

- Over-heat protection
- Small-article detection
- Pan auto-detection function
- Empty-pan shut-off

WARRANTY

All models shown come with Vollrath's standard warranty against defects in materials and workmanship. For full warranty details, please refer to www.Vollrath.com.

Agency Certifications

This device complies
with Part 18 FCC Rules.

Due to continued product improvement, please consult
www.vollrath.com for current product specifications.

ITEMS

Part Number	Description	Plug Type
6958301	Induction Wok Range with Carbon Steel Wok Pan	6-20P
6958302	Induction Wok Range with Carbon Steel Wok Pan	SCHUKO
6958303	Induction Wok Range with Carbon Steel Wok Pan	UK
6958304	Induction Wok Range with Carbon Steel Wok Pan	CHINA
6958305	Induction Wok Range with Carbon Steel Wok Pan	AU

FEATURES

- 100 power settings for precise cooking control.
- Turbo button reaches max power in seconds.
- Continuous duty induction circuitry for non-stop cooking.
- Bright digital display is easy to clean and located on front of the unit, away from the cooking surface, to help keep controls clean.
- Standard size impact resistant induction ceramic bowl works with most 14" (35.6 cm) carbon steel or induction-ready stainless steel wok pans.
- Includes Vollrath 14" carbon steel wok, item number 58814.
- Rubber feet to prevent slipping.
- 6' cord and plug.
- Optional accessory kit for flexible drop-in installation with 5-foot control cord that allows control panel to be mounted where you see fit.
- One year parts and labor warranty.

ACCESSORIES

- 6958301-DI Drop-in Accessory Kit - includes 69584 stainless steel template and 352558-1 control box that enables wok to be installed as a drop-in appliance.

CLEARANCE AND ENVIRONMENT REQUIREMENTS

- Do not install in areas where other equipment can exhaust directly into the Induction Wok.
- The maximum intake temperature must not exceed 110°F (43°C). Temperatures are measured in ambient air while all appliances in the kitchen are in operation.

Countertop Installation

- Between each side of the Induction Wok and any surrounding surface: minimum 4" (10 cm).
- Under the Induction Wok: a distance equal to the height of the feet of the Induction Wok. Unit draws air from below. It must not be placed on a soft surface that could restrict airflow to the bottom of the unit.

Drop-in Installation

- Between the bottom of the induction wok and any surrounding surface: minimum 24" (61 cm).
- Sufficient airflow must be allowed around the equipment. The cabinet must allow for a minimum of 80 square inches for fresh air intake and a minimum of 80 square inches for exhaust. Blocking the airflow could cause the equipment to overheat.
