MiSA™-a12 Oven

EXTERIOR CONSTRUCTION

- 430 stainless steel exterior with anti-microbial powder coated side panels
- Cool-to-touch exterior, all surfaces below 50°C
- Attractive ergonomic brushed 316 stainless door handle
- Counter-mount standard or use with 4-inch adjustable legs (included)
- Full color 7-inch touchscreen display

INTERIOR CONSTRUCTION

- Fully welded and insulated 304 stainless steel cook chamber
- Easy-to-clean non-stick (PTFE) liner on most surfaces
- Removable Artisanal cook plate for even browning (patent pending)
- Extra-large 12.9" x 13.6" angled usable cavity footprint

STANDARD FEATURES

- Simple intuitive touch controls can store 1000+ recipes with dozens of standard icons and full color product images
- Industry leading online menu & recipe software allows for easy menu creation and management via USB
- Self-diagnostics for monitoring oven components and performance
- Smart Voltage Sensor Technology* manages variances in 208 & 240V operations
- High visibility countdown timer
- Top launched microwave system with stirrer to ensure even distribution
- Integral recirculating catalytic converter for UL listed ventless operation
- External easy-access air filtration
- Stackable (stacking stand required)
- 6ft cord and plug
- 1 year Parts and Labor Warranty
- Productivity: www.ovationovens.com/pizza-calculator-yield-per-hour

STANDARD OPTIONS & ACCESSORIES

- AccessOvention is a cloud-based connected services platform that provides live data, diagnostic reporting, and portal-driven updates for compatible Ovention ovens. Please contact an Ovention salesperson for pricing and more information.
- Includes (1) spatula paddle and (1) non-stick warming tray standard
- Black powdercoat color – select any of (10) alternate colors (below) at no additional charge
- Dozens of other accessory options available - contact factory

CERTIFICATIONS

This product conforms to the ventilation recommendations set forth by NFPA96 using EPA202 test method.

* Smart Voltage Sensor Technology does not compensate for lack of or over voltage situations. It is the responsibility of the owner to supply voltage to the unit according to the product specifications.

[†] Ventless certification is for all food items except for foods classified as "fatty raw proteins." Such foods include bone-in, skin-on chicken, raw hamburger meat, raw bacon, raw sausage, steaks, etc. If cooking these types of foods, consult local HVAC codes and authorities to ensure compliance with ventilation requirements. Ultimate ventless allowance is dependent upon AHJ approval, as some jurisdictions may not recognize the UL certification or application. If you have questions regarding ventless certifications or local codes, please email connect@ovationovens.com.
