September 2, 2025

Dear Valued Customer...

We at Edhard are proud to announce our new and improved powerbase the **P-4024 – Model MKHB**.

This will be a direct replacement for the P-4012.

Rest assured, the new powerbase looks very different but all of your current filler units will fit the new machine. Prepare to experience the ease of operation of the new base.

Edhard quality continues with the **P-4024** as we continually strive to update and improve our equipment in order to serve our valued customers!

Sincerely,

The Edhard Team

Power Base Comparison

<u>Model</u>	<u>MKH</u>	<u>MKHB</u>	<u>MKS</u>	<u>MKSB</u>	<u>Notes</u>
<u>Part #</u>	P-4012 & P-4020	P-4024	PS-4028 & PS-4030	PS-4124	P-4024 and PS-4124 for both 110/120V and 220/240V
<u>Motor/Timer Board</u>	AC (52W)	DC (70W)	AC (93W)	DC (186W)	DC motor - coupled with our new upgraded timer board is crisper and more precise than older AC motor/timer board combination - Brake no longer required
<u>Keypad</u>	Includes Prime and Seat Keys	Includes Prime, Reverse, Mode, and Seat Keys,	Includes Prime and Seat Keys	Includes Prime, Reverse, Mode, and Seat Keys,	New keypad with additional function keys is more user friendly
<u>Fan/Vent</u>	No	Yes	Yes	Yes	Fan/Vent keeps interior cool - decreasing risk of overheating internal components
