Refillable Drinkware Program

Eliminate Disposable Drinkware

Sustainable | Practical | Budget-Saving

Disposable drinkware, lids and straws create a continuous and profound cycle of waste and spending. G.E.T. eliminates this wasteful cycle by offering operators a refillable keeper cup option made with recyclable plastic and available as a set with a reusable lid and straw!

Better yet, switching to a refillable keeper cup option can pay for itself in as little as a week*, freeing up your budget for other projects.
