The KB300 Series of Baby
Changing Stations

Needs Met.

As the world's most recognized brand of baby changing stations, families and business owners have trusted Koala Kare for over 35 years to meet their needs. Our products help architects, business owner-operators and anyone tasked with managing public facilities make their restrooms friendly to children and caregivers. Our mission to create safe, innovative, high-quality, and durable products is always top of mind.

Superior Craftsmanship and Thoughtful Design

The **KB300 Series** has set a new standard for baby changing stations. By working closely with both architects and business owners, Koala Kare has created a new line of 18 expertly-crafted, innovative baby changing stations.

Whether your visual aesthetic calls for stainless steel recessed-mounted or plastic surface-mounted units, the **KB300 Series** has a baby changing station for your restroom aesthetic and budget.

All **KB300 Series** products are designed to withstand frequent use thanks to an enhanced integral steel frame and have been tested to have minimal deflection with 200 lbs of center-loaded static weight. Koala Kare partners with **Microban®** to integrate powerful product protection into our baby changing stations that helps inhibit the growth of stain- and odor-causing bacteria on product surfaces. Along with amenities like built-in liner and diaper pouch dispensers, units support an increased focus on hygiene to satisfy end-users.

KB310-SSRE Horizontal Baby Changing Station

Committed to Compliance

At Koala, we understand the importance of providing safe and compliant childcare products for your patrons with children. That's why **KB300 Series** changing stations have been designed to meet a comprehensive range of global accessibility requirements including ASTM, EN, and ADA standards. Designing to meet these standards helps improve ease-of-use for users with disabilities and supporting the desire for safe, compliant child accommodations for your restroom.

KB311-SSRE Vertical Baby Changing Station

High-Traffic Solutions

KB310-SSRE — High-Traffic Restroom

Recessed Models

Save Space in High-Traffic Restrooms

Owners and operators of public establishments understand the demand for high-quality childcare accommodations to satisfy patrons. The horizontal KB310 and vertical KB311 stainless steel baby changing stations are the ideal choice for commercial restrooms that need a design-centric product that will meet this demand without protruding into high-traffic areas and occupying much-needed restroom space..

Product Highlights

- Deep-drawn, uniform grain stainless steel body provides a beautiful aesthetic
- Recessed-mounted to tuck away easily when not in use
- Matches other stainless steel restroom accessories
- Available in Black Matte finish

Internal steel frame for extra strength.

A surface-mounted stainless steel bag hook is provided with the KB300-SS, KB301-SS, KB310 and KB311 changing stations.

Design-Driven Solutions

KB300-01SS — Design-Driven Restroom

Design Solutions for High-end Restrooms

Modern commercial restrooms demand designs that are visually pleasing, incorporating a variety of colors and finishes while still holding up to heavy use. The KB300 Series offers 18 baby changing stations that vary by color, finish, orientation, and mounting so that you always have a match for your designs on any project.

Product Highlights

- KB310 and KB311 units feature a one-piece, stainless steel body for an impressive visual aesthetic
- The KB310 and KB3100 are available in a Matte Black finish for a higher-end look
- The stainless steel veneers of the KB300-SS and KB301-SS provide an elegant upgrade to plastic baby changing stations.
- KB300 and KB301 are available in three color combinations

KB310-SSRE Horizontal — KB311-SSRE Vertical Recessed-Mounted

KB300-00 Horizontal — KB301-00 Vertical Surface Mounted

KB310-MBLK Horizontal — KB311-MBLK Vertical Recessed-Mounted

KB300-01SS Horizontal — KB301-01SS Vertical Surface-Mounted

Small-Space Solutions

KB301-05SS — *Small Space Restroom*

Space-Saving Design for Small Restroom Environments

For small space restrooms, accommodating the needs of your customers with children can be a challenge. Every square inch of wall space counts. The KB300 Series offers a selection of nine vertically-oriented units that are the perfect complement to small restrooms without compromising on design.

Product Highlights

- Vertical units include all KB300 platform patron amenities, including the enhanced integral steel frame and improved liner dispenser
- Surface and recessed-mounted options provide design flexibility
- Variety of colors and finishes available to match your restroom's visual aesthetic

Our History of Anticipating and Meeting Needs

Koala Kare has been committed to being an innovator in childcare accommodation for over 35 years. Our expert designers understand that our baby changing stations should be designed to build trust and loyalty with the caregivers who use them.

Microban Product Protection

Koala Kare partners with Microban®, a global specialist in antimicrobial technologies, to integrate powerful product protection into our baby changing stations. The best way to avoid stains and odors from microbes is to prevent growth in the first place, and Koala Kare uses Microban® to protect baby changing stations by inhibiting the growth of stain- and odor-causing bacteria on product surfaces.

Changing Station Accessories

To enhance the changing station experience, Koala Kare offers several accessories that users will appreciate.

- The 310-54-KIT is a stainless steel bag hook that mounts on the wall next to any changing station to provide safe and easy access to diaper bags and purses.
- The KB150-99 is a case of 500 sanitary bed liners that fits into all Koala changing stations for a more hygienic experience.
- The KB160 Diaper Pouch is a cartridge that inserts into all KB300 Series station that conveniently dispenses diaper disposal bags. Available in Black Matte finish.

Warranty Information

Koala Kare warrants that baby changing stations will be free from defects in material and workmanship under normal use and service, with proper maintenance, for a period of five (5) years.

Maintenance

Koala Kare communicates directly with baby changing station owners to help keep our products in good working order. Our comprehensive maintenance and replacement parts program is easy to access at [Koalabear.com/maintenance-matters](https://koalabear.com/maintenance-matters) and helps owners keep their products clean and safe.
