

# SICO® Cam-Lam Portable Dance Floors

An extremely durable laminate surfaced portable dance floor with positive lock cam-locking system for indoor and temporary outdoor use.

Cam-lock Positive Locking System

High Strength Balsa Wood Core

Transport Caddy

## Features, Advantages & Benefits

**Large 4'x4' Square Panels** - Spacious 4'x4' (122cm squares), or 16 sq. ft. panels are almost twice the area compared to conventional 3'x3' (91cm squares) or 9 sq. ft. panels.

- Fewer panels mean less storage space, and combined with the cam-lock, setting-up and taking down can be done in almost half the time of smaller panels.
- Manufactured square panels guarantee a perfect fit every time.
- Panels weigh 48lbs. (22kg) each. Panels are shipped two per carton.

**Balsa Wood Core** - High strength, low-density balsa wood is sandwiched between tempered hardboard and high grade laminates for a fully-balanced and lightweight design.

**High Grade Laminate Surface** - Resists chipping, scratching and fading. Eliminate the costly re-finishing costs of wood.

**Cam-lock Positive Locking System** - A proven locking system for over 15 years. Self-Aligning pins perfectly square this floor for an easy and fast set-up.

**Continuous Planking Design** - Provides a beautiful floor that will enhance your decor.

**Solid Floor Contact** - All panels make 100% floor contact so there is no possibility of breakthrough. Eliminates the flexing of panels.

**Precision Tongue & Groove Design** - Allows dance floor panels to easily assemble and disassemble.

**Anodized Border Trim** - Each section of border trim provides a modest 11° slope and a broad 6.25" width allowing for easy access to every floor. Each trim piece is grooved for a slip resistant surface. Available in black, silver or gold.

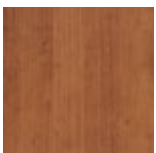

**Low Profile Design** - At only 3/4" (2cm) thick, SICO's lower profile floor allows easier access and egress.

**Transport/Storage Caddies** - Easily load and un-load up to 24 panels and all matching trim from both sides. Convenient slots protect and neatly organize panels and trim components during transport.

**Serial Number** - Provides easy product identification.

**Warranty** - Protected by a **3-Year Warranty** against manufacturer's defects and **10-Year Cam-Lock** system warranty.

## Laminate Color Options

Amber Cherry

Cherry Rose

Northern Birch

Black

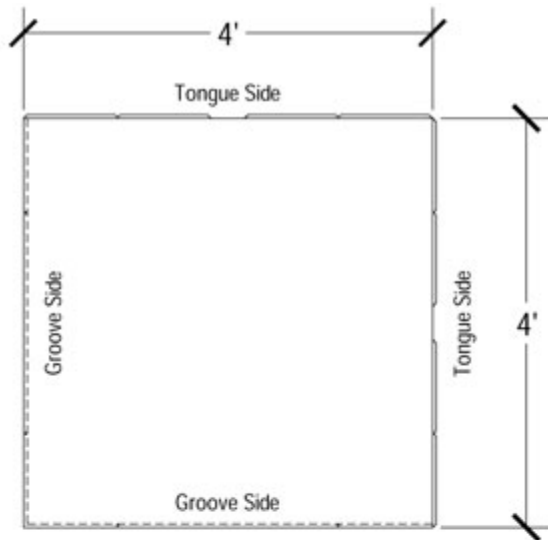

White

## Specifications

Assume that only one-third of your guests will dance, so the number of dancers shown in these graphs is only 33% of your total guests.

Dimensions	Number of Panels	Number of Dancers	Number of Caddies
8'x 8' (244cm x 244cm)	4	16	1
