

# CREWSAFE® ABSORBENT SAFETY MATS

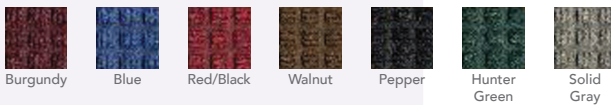

- Our Absorbent Safety Mats are ideal for high-traffic indoor entrance areas. Made from super absorbent polypropylene, this mat holds up to 1.5 gallons of liquid per square yard.

## FEATURES

- Raised rubber border traps dirt and water within the mat
- Extremely tough construction prevents pile from crushing
- Textured pattern provides outstanding wiping and scraping performance
- Needle-punch design resists fading and staining
- Gripper backing minimizes movement
- Multiple size and color options available

### Color Options:

### CLEANING INSTRUCTIONS

#### Absorbent Mat

- Lay mat on clean, dry surface and vacuum thoroughly
- Wash using a hose or pressure washer on low setting
- Lay flat or hang to dry

Do not use bleach or harsh cleaners. Only use company approved cleaning products.
