

# \* whip-it! Elite

Our newest, most innovative nitrous oxide cream chargers are lighter than ever!

NOW **NSF CERTIFIED!**  
COMPONENT

**NEW Aluminum Design**

Others simply fall flat.

## WHIP-IT! ELITE ADVANCE CLEANED ALUMINUM N<sub>2</sub>O CHARGERS

### Benefits of an Aluminum N<sub>2</sub>O Charger

Approximately **20% More Volume** means increased savings for your business

**Improved Aeration**  
Creates products lighter in fat with less calories

**Optimized Efficiency**  
Reduces the need to reload with more volume per charger

**Overall Compatibility**  
with all standard whipped cream dispensers

**Reduces Shipping Costs**  
Lighter case weight reduces shipping costs and workplace safety risks

**Environmentally Friendly**  
Cleaner manufacturing process creates a more earth-friendly product

**Clean Process**  
Advanced proprietary process completely removes oily residue from inside of charger

**USA-Made Gas**  
Premium food-grade gas that meets all U.S. pharmacopeia specifications

This next generation cream charger contains more gas per unit than the industry standard, propelling approximately 20% more volume of whipped content. Made with 100% premium aluminum, **Whip-It! Elite** is much lighter, produces longer-lasting freshness and is more environmentally friendly than its carbon steel counterpart. Each **Whip-It! Elite Cream Charger** is meticulously inspected and certified to meet the highest quality standards, ensuring the best taste for your culinary and bartending needs.
